Many electives have prerequisites, so check the elective listings carefully to make certain you will have completed the prerequisites before you plan to begin a Year 4 course. Austin elective descriptions are available at: <http://meded.utmb.edu/electives.asp>

Please indicate your rank order preference (1= most preferred) for the course(s) of interest for you in your elective and/or December periods. For example, if ANEO-4018 is your most desired rotation during your elective period, indicate "1" on the ANEO-4018 line in the Elective Period column. If you do not wish to schedule a course in one of these two periods, leave the appropriate column blank. You must schedule a course in at least one of these two periods.
